## The Weather

WASHINGTON, Aug. 8.—Forecast: Oklahoma, fair Friday and Saturday; warmer Saturday.

VOL. VII, NO. 283

TULSA, OKLAHOMA, FRIDAY, AUGUST 9, 1912

PRICE FIVE CENTS.

## VOTE TODAY ON THE CANAL BILL

SENATE REACHED AGREEMENT TO DISPOSE OF THE BILL TODAY.

## STUMBLE ON FREE TOLL

FREE TOLL PROVISION MAY BE SLIGHTLY CHANGED ON THE FINAL VOTE.

## RAILROAD SHIPS BOTH

Right to Control Railroad Owned Ships Causes a Hot Debate On Floor of the Senate.

WASHINGTON, Aug. 8.—Agreement was reached by the senate late tonight to take final vote on the Panama canal administration bill and amendments to it not later than 5 o'clock tomorrow afternoon.

The subject of railroad controlled ships brought out a defense of the house bill by Senators Clapp, Poinsett and others. Chairman Clapp of the interstate commerce committee said some legislation must be enacted to separate definitely the railroads and the steamship lines. The suggestion that the Canadian Pacific railway might be able to operate its ships through the canal while American railway-owned ships would be prohibited had been brought up by him, to cloud the real issue.

Senator Lippitt of Rhode Island said co-operation between railroads and steamships had greatly benefited at least a portion of New England. Further important concessions to American shipping were made through amendments to the bill. The free toll provision to American coastwise ships, endorsed by the senate last night, was supplemented today by a qualified free toll provision for American vessels engaged in the foreign trade.

A still more important amendment inviting foreign built ships owned by Americans to hoist the American flag and register as American vessels, was adopted by a large vote.

The senate worked tonight on the railroad control feature of the Panama bill. Senator Bristow opposed the plan of railroad controlled vessels suggested by the senate committee and urged the adoption of the plan passed by the house, which would give the interstate commerce commission jurisdiction.

One important restriction was placed upon the Williams free ship amendment adopted today. This provided that no foreign built ship admitted to American registry should be allowed to participate in mail carrying contracts unless it was constructed with particular reference to speed and economical conversion into an auxiliary naval cruiser.

A somewhat similar restriction was made upon the granting of the free toll privilege to American vessels engaged in foreign trade. The provision adopted by the senate specifies that owners of vessels engaged in foreign trade must agree to sell their ships to the United States in time of war or other emergencies to be exempt from the payment of tolls.

## BARROWS IS SUCCESSFUL AT FRUIT GROWING

Raises Many Varieties of Splendid Fruit on His Farm Near Tulsa.

The amount and variety of fruit that can be raised on a small section of Tulsa county soil was amply demonstrated last night when Elva C. Barrows, who lives south of town, entered the editorial rooms of The World and presented the force with a basket of the finest fruit ever discovered outside of a dining room picture. "I raised this fruit on a plot of ground the size of a city block," said Mr. Barrows proudly, as he placed the basket, containing four varieties of grapes, four different kinds of peaches, three kinds of plums, a huge cantaloupe, ten pear plums and about a quart of damsons, on a desk.

## WOMAN ON PROGRESSIVE NATIONAL COMMITTEE

Suffragettes Are Given Important Places in Councils of the New Party.

CHICAGO, Aug. 8.—Woman suffrage was assured voting strength on the progressive party national committee today when four women were officially elected members of the committee. They are:

Miss Jean Gordon, New Orleans; Miss Jane Addams, Chicago; Miss Frances Kellar, chief of the immigration inspection bureau, New York; Mrs. Charles D. Blaney, San Francisco, woman suffragette and delegate to both the republican national convention and the progressive party national convention.

Women delegates who participated in the convention held a caucus and selected the four representatives of their sex to serve on the national committee of the new party.

## Some of the Most Prominent Figures Who Participated in the Bull Moose Convention That Has Just Ended at Chicago After Nominating Roosevelt and Hiram Johnson

Left to right: Senator Joseph Dixon, of Montana, Colonel Roosevelt's campaign manager in the fight for the

republican nomination, and one of the most energetic workers in bringing the new Progressive party into life, Colonel Roosevelt, the original "Bull

Moose," and Former Senator Albert J. Beveridge, temporary chairman of the Progressive convention in Chicago, who will probably be that party's

candidate for governor of Indiana. Below is Miss Margaret Drier, one of New York's "Big Four" at the Progressive convention.

## HAYTIAN RULER BURNED TO DEATH

EXPLOSION OF POWDER MAGAZINE CAUSES DESTRUCTION OF THE PALACE.

## 400 KILLED OR INJURED

Explosion Occurred at 3 a. m. and the Resultant List of Fatalities Is Very Large.

PORT AU PRINCE, Hayti, Aug. 8.—The national palace was blown up by a powder explosion and burned to the ground today and the president of the republic, General Leconte, perished. Members of his family who were awakened by the terrific shock, found themselves almost surrounded by flames, but escaped.

The first explosion was followed by others when the fire reached the cellars of the palace where a great quantity of ammunition was stored. So great was the force of the explosion that a number of small cannon, fragments of iron and shells were thrown in all directions. Many palace attendants were killed and it is estimated the casualty list will reach 400 persons killed or injured.

For a time panic prevailed and the military authorities immediately took charge. The explosions occurred soon after 3 o'clock in the morning. Within an hour the fire, which was confined to the palace, was extinguished but the structure was a mass of ruins from which it was impossible to recover the body of the president.

At a joint meeting of the chamber and senate this afternoon, General Tancrede Auguste, senator and ex-minister of public works, was named president.

Relations Were Strained. WASHINGTON, Aug. 8.—The death (Continued on Page 8).

## 103 MINERS KILLED IN MINE DISASTER

EXPLOSION IN A GERMAN MINE BRINGS DEATH TO MANY MINERS.

BOCHUM, Germany, Aug. 8.—An explosion of black damp and coal dust this morning in the Lorraine shaft of the coal field in the village of Gerthe, four miles from Bochum, cost the lives of 103 miners, according to an official report. Two others were severely and 23 slightly injured. Death was practically instantaneous in all cases. The cause of the explosion has not been ascertained, but it is believed a blast reached a big pocket of gas.

The emperor, who is now at Essen, has donated 15,000 marks to aid the families of the victims.

More Marines to Nicaragua.

PANAMA, Aug. 8.—The United States collier Justin will leave here tomorrow for Nicaragua. The Justin has aboard 350 marines, who may be landed on Nicaraguan territory to protect American property.

## STUBBS APPEARS TO BE WINNER IN KAN.

SENATOR CURTIS DOES NOT ADMIT THAT HE HAS LOST HIS SEAT.

TOPEKA, Kan., Aug. 8.—Although United States Senator Charles Curtis has upon the face of returns late tonight a popular majority of between 4,000 and 5,000 votes, he probably has lost in his fight for re-nomination for his seat in the senate.

Governor W. R. Stubbs, his opponent, according to tonight's returns, has 29 legislative districts out of 165 in the state, and as senators are nominated under the Kansas law by a majority of legislative districts, Stubbs seems to have won. The Curtis forces do not concede defeat, but have issued a statement warning workers to watch the official count closely.

The democratic gubernatorial nomination was still in doubt tonight. Both J. B. Billard and George H. Fiedges, the leading candidates, claim it.

Wool Veto Is Ready.

WASHINGTON, Aug. 8.—Both the steel and wool bills were received at the White House during the president's absence and were ready for his scrutiny today. It was said tonight that the wool veto message practically is ready to be sent to congress and may go in tomorrow. The steel schedule veto will follow it probably before Saturday night.

## MAJORITY FOR OWEN IS OVER 20,000

MURRAY AND THOMPSON WERE NOMINATED FOR CONGRESS AT LARGE.

OKLAHOMA CITY, Okla., Aug. 8.—With almost complete figures from thirty counties and authentic reports from almost every other county in the state, the victory of Senator Owen over former Governor Haskell for the democratic nomination of United States senator by a majority of at least 20,000 is assured. Owen leaders claim that it will be much greater and may even reach 30,000.

Two men are assured of positions on the democratic ballot for congressman at large. "Alfalfa" H. Murray of Tishomingo and Joe Thompson of Pauls Valley both are away in the lead. Claude Weaver of Oklahoma City, Fred Branson of Muskogee, Leslie P. Ross of Lawton, and William Franklin, of Marshall county, are all running strong for the third position, with the figures favoring Weaver and Oklahoma county to hear from.

Up to a late hour tonight, absolutely no figures were available as to the state and congressional candidates in Oklahoma county, as the county election board refuses to give out the figures. It is admitted, however, that Senator Owen has carried the county by more than 1,500 an that Weaver for congressman at large and James E. Ross for congressman Second district, have polled an exceptionally heavy vote in this their home county. Ross seems to have the better of it in the Second district race, as he exhibited considerable strength in the outlying counties, but little is known yet of the other races. It will probably be several days before complete returns are received.

## Taft Refuses to Approve Leases

UPHOLDS SECRETARY OF INTERIOR IN DISAPPROVING THE OSAGE LEASES.

WASHINGTON, Aug. 8.—The Uncle Sam Oil Co. and others which secured blanket oil and gas mining leases, covering a portion of the Osage nation appealed to the president from the action of the secretary of the interior, who disapproved the leases.

The president has approved the action of the secretary of the interior. The principal grounds upon which the leases were disapproved were that there was no competition between purchasers at the time the leases were taken and that the leases provide only for a one-eighth royalty while other leases in the Osage nation are being operated at a one-sixth royalty.

## WAS NO COMPETITION

Proposed Leases Provided for Only One-Sixth Royalty for the Indians.

WASHINGTON, Aug. 8.—The Uncle Sam Oil Co. and others which secured blanket oil and gas mining leases, covering a portion of the Osage nation appealed to the president from the action of the secretary of the interior, who disapproved the leases. The president has approved the action of the secretary of the interior. The principal grounds upon which the leases were disapproved were that there was no competition between purchasers at the time the leases were taken and that the leases provide only for a one-eighth royalty while other leases in the Osage nation are being operated at a one-sixth royalty.

## OPENING OF CAMPAIGN WAS ONLY A FROST

ADVERTISED WILSON-MARSHALL MEETING FAILED TO MATERIALIZE LAST NIGHT.

If the Wilson-Marshall club of Tulsa held a meeting last night, thirty or forty prominent democrats of the city did not know of it. The meeting was scheduled to be held in the Bynum building, corner of Main and Second, and was so advertised for two weeks or more. M. A. Brackenridge was to be the principal speaker and the campaign for the democratic national ticket in his county was to be formally launched.

But there was no sign of a meeting in the Bynum building. John G. Mitchell, C. J. Wrightsman and George Stanley, an other leading democrats were still looking for the meeting at 9:30 o'clock.

Warren D. Abbott, M. A. Brackenridge and a few others who were supposed to take a prominent part in the meeting, could not be reached at their homes. Neither could the ybe found up town.

## OROZCO'S MEN HALT ADVANCE OF FEDERALS

DEFEAT FEDERAL ADVANCE GUARD IN HARD-FOUGHT ENGAGEMENT.

JUAREZ, Mex., Aug. 8.—Vanguards of the federal and rebel armies met yesterday at Encinillas, on the Mexican Central railway, 60 miles north of the city of Chihuahua. According to official reports tonight at rebel headquarters here, the federals were driven back after brisk fighting during the late morning and afternoon. The report says two federals were killed and two rebels wounded.

It is said in the report of the battle, made to General Orozco, that twenty men from the federal ranks joined the rebels. These men, it is said, were taken prisoner during the battle of Bushimba, some weeks ago, and since have been compelled to fight with the federals.

The rebels numbered about 200. They were sent north to watch for the approach of the third federal army, which is moving slowly north repairing the railway. This engagement is taken by rebel leaders here to prove the federal force moving from the state capital is not within striking distance of either Juarez or the Casas Grandes district, where the federals and rebels are sparring for advantage.

## STATE ATTEMPTS TO IMPEACH WITNESSES

FIVE STREET CAR CONDUCTORS CALLED TO THE STAND IN BARROW TRIAL.

LOS ANGELES, Cal., August 8.—Nine witnesses, five of them street car conductors, were on the stand today in the bribery trial of Clarence S. Barrow, to impeach the testimony of Frank E. Wolfe and C. O. Hawley, two important defense witnesses. Except for a scolding cross-examination of F. V. Owen by Attorney Rogers, the day was devoid of interest.

Owen, who was a member of the city fire commission when Hawley was on the same board, testified that Hawley's general reputation for truth and veracity was bad. Rogers attempted to show that Owen and Hawley had political difficulties while city officials and that Owen had been charged with grafting. The witness indignantly denied the assertion.

Trying to Arrange for Peace. SAN SALVADOR, Aug. 8.—The Central American court of justice of Cartago, Costa Rica, has intervened in the Nicaraguan revolution. It has sent a commission to treat with the belligerents and it is expected an armistice will be declared. Meanwhile Salvador has instructed its minister in Managua to proffer his good offices and it is reported here Diaz has accepted the offer. It is not known what the attitude of General Mena is with regard to a settlement.

One License Issued. One marriage license was issued yesterday by the clerk of the county court to Ray Ammon Nichols, 29, of Joplin, Mo., and Miss Flossie S. Derusha, 18, of Collinsville, Oklahoma.

## DANIEL WON IN REPUBLICAN RACE

DEFEATED FLYNN FOR CONGRESSIONAL NOMINATION IN THE THIRD DISTRICT.

HAS PLURALITY OF 1,500

With All But Five Counties Reported, Tulsa Man Is Leading Flynn by 1,253.

Instead of James Dennis Flynn having the republican nomination in the Third district by from 1,500 to 2,000 plurality, as he thought, he has been defeated by about that plurality. With complete returns from all but five counties in the district, R. T. Daniel has a lead of 1,253 over Flynn and practically that vote over both Denton and Dixon. The five counties yet to be heard from will still increase Daniel's plurality. A special to the World from Cherokee and Delaware stated that Daniel had majorities in both and it is likely the same will be true in Sequoyah, Seminole and McIntosh.

The vote by counties is as follows:

Counties	Denton	Dixon	Daniel	Flynn
Tulsa	109	41	316	132
Muskogee	279	42	209	116
Creek	326	182	478	629
Washington	82	100	215	310
Craig	54	114	303	170
Nowata	310	44	198	142
Rogers	32	45	156	142
Ottawa	76	75	288	152
Osage	120	48	348	74
Wagoner	27	18	135	26
Adair	49	26	342	49
Okmulgee	132	68	311	207
Okfuskee	23	8	100	54
Hughes	21	3	102	35
Totals	1640	797	3501	2218

## THREE KILLED WHEN TRAIN JUMPS TRACK

FOURTH PERSON DROPPED DEAD FROM SHOCK OF THE ACCIDENT.

BOSTON, Aug. 8.—Two engine men and a passenger were killed, a spectator fell dead and forty or more passengers were injured shortly before noon today by the derailing of an inbound New York, New Haven & Hartford train at Dorchester.

The locomotive plunged off into a marsh and half buried itself. The momentum of the train carried two of the passenger cars over the engine, while the third passenger car and the baggage car remained on the rails.

The bodies of the engineer and fireman were found buried deep in the debris. Mrs. Frank Jenkins was scalded so severely that she died soon. The shock caused by the wreck proved fatal to Michael Daley.

Frontier Is Abandoned. SALONICA, European Turkey, Aug. 8.—It is reported that the Monogrins have evacuated the Mojakovts frontier and fighting has ceased.

## JOHN D. JR. HELPS IN MURDER CASE

YOUNG MILLIONAIRE FURNISHES SOME EVIDENCE OF GRAFT IN NEW YORK.

## CONDUCTED INVESTIGATION

FOR A YEAR MR. ROCKEFELLER HAS BEEN QUIETLY GATHERING DATA.

## BECKER MAY CONFESS

Attorney for Indicted Officer Made a Mysterious Trip to the District Attorney's Office.

NEW YORK, Aug. 8.—It became known today that John D. Rockefeller, Jr., has been instrumental in obtaining evidence of police graft, which he turned over to District Attorney Whitman for use in connection with the investigation of alleged corruption among high police officials growing out of the murder of Herman Rosenthal.

While Starr J. Murphy, Mr. Rockefeller's attorney, denied today the published report that Rockefeller had been conducting a disorderly house to obtain evidence of blackmail against the police, he let it be known that Mr. Rockefeller, who was about a year ago foreman of the grand jury that investigated the white slave traffic, had placed in the hands of the district attorney information "bearing on the police situation."

"Mr. Rockefeller, having become interested in white slave matters while foreman of the special grand jury, has since been securing statistics with regard to the social evil. Whatever information was secured bearing on the police situation has been placed at the disposal of the district attorney. The statement that Mr. Rockefeller's representatives have been conducting a disorderly house is entirely without foundation."

Presented to Grand Jury. This information, it was learned tonight, will be presented to the grand jury in connection with the rapidly increasing mass of similar evidence which the district attorney and his assistants have unearthed since "Bald" Jack Rose made his first charges involving high police officials in gambling graft.

Along with the publication of the report that Mr. Rockefeller had been conducting a disorderly house for the purpose of trapping the police, it was reported today that a detective agency had been operating a gambling house for the same purpose. If this is so it is thus far news to Mr. Whitman, who has received no reports on the result that may have been obtained. As far as Mr. Rockefeller is concerned, it was learned tonight that the young millionaire is prepared to furnish all the funds necessary to enable the district attorney to conduct a sweeping investigation designed to wipe out the alleged corrupt alliance between the police and disorderly elements of the city.

Will Use the Evidence. "The Rockefeller evidence was given to me by Starr J. Murphy, Mr. Rockefeller's personal representative," said District Attorney Whitman. "I was told by him that Mr. Rockefeller is interested in the developments of the Rosenthal case and wants me to use, if possible, the evidence he obtained."

"I understand, in a general way, that a pretended disorderly house has been concerned and that it was conducted without Mr. Rockefeller's knowledge. I was told that Detective Rose of Chicago and other agents of Mr. Rockefeller had supplemented the information obtained in this manner by gulel work among real resorts."

Mr. Whitman added that information had come to him that a police inspector had received \$100 a month from a disorderly house. Mr. Whitman said also that one of his assistants, James Reynolds, had been working with the Rockefeller agents for the past few months. Possibility that the sealed doors of the so-called system might be opened wide was strongly suggested tonight when it became known that counsel for Lieutenant Becker had visited the district attorney today and discussed the question of leniency for his client. Not long after Becker was arrested the district attorney made it known that the police lieutenant's only chance to escape efforts to convict him of murder in the first degree depended on his willingness to tell all he knew about gambling graft. It was reported the lawyer today made some tentative suggestions of great interest.

New York Wide Open. The district attorney had before the grand jury today sixteen witnesses, one of them being Lieutenant Dominick Reilly, one of the "strong arm" raiders, who it was learned, testified that New York City had been "wide open" for a year and a half. He was

(Continued on Page 8).
